

# DIRECTIONS FROM FETC MORGANTOWN TO FETC PITTSBURGH

When you drive north on US-79 from Morgantown, go east on US-70 towards New Stanton when US-79 meets US-70.

Take the next Exit, which is the town of Eighty-Four. Go north on Pa Route 519, past Eighty-Four Lumber and Agway. Shortly you will see where the road forks, go straight onto Thomas Road.

Follow Thomas Road to the "T" and make a right onto Linden Road. After about one mile you will come to a multi-road intersection. Thomas Church will be to your right. This is a multi-road intersection. Bear to the right, and get onto Venetia Road heading towards Finleyville.

Follow Venetia Road past the Country Store and the Venetia Post Office on your right into Finleyville and you will bear left onto Pa Route 88. Follow Pa Route 88 through Finleyville, past the Finleyville Middle School.

Watch for a place where the road bends and Pa-88 goes to the left, while "old" Brownsville Road goes to the right.

Bear right and follow "old" Brownsville Road up to the top of the hill, bear left at the first stop sign, and right at the second stop sign. Go down a STEEP hill and across a little bridge to where the COGO's is on your left.

Make a right onto Piney Fork Road. Follow Piney Fork Road until a "Y" and BEAR LEFT UP THE HILL. This is now Ridge Road.

Follow Ridge to Wallace Road (you will see parts of the FETC on your right). Turn right on Wallace.

If you have to get to NIOSH, the Bureau of Mines, the "R&D" Plateau, or the Main Entrance to the site, TURN LEFT at the first left and ask the guard directions.

If you have to get to buildings 920, 921, or 922 you will make the second turn (a right turn) and stop at the guard shack.
